

MUNICIPAL MATTERS

June 8th, 2023

Council and Committee of the Whole Meetings

The next regularly scheduled meeting following the Christmas break will be on **Tuesday, June 20th, 2023**. Please see the Town's website at www.carletonplace.ca for start time and associated documents.

FoodCycler Units Now Available for Purchase!

The Town of Carleton Place has partnered with Food Cycle Science to implement a waste diversion Pilot Program by offering a FoodCycler™ at a reduced rate to interested residents.

The FoodCycler™ is an electric appliance that offers in-home, countertop processing of food waste that is comparable in CO2e emissions to central composting (minus transportation costs and emissions) and backyard composting (if done correctly). Regular use of the appliance should not cost more than \$4 per month in electricity and offers a >95% reduction in CO2e emissions compared to sending food waste to landfill.

The Town is offering 450 Carleton Place households the opportunity to participate in a 12-week Pilot Program by providing the household with one (1) FoodCycler™ unit (one (1) per household) at a reduced rate as a partnership with Food Cycle Science, the Federal Government, and the County of Lanark. This year, the Town will be offering a limited number of two (2) different model options. The FC-30 model (225 units) and the Eco 5 model (225 units). There is a [chart on our website](#) which can help you decide which model would be better for your household. **The cost to the resident for the FC-30 model is \$150 plus HST and the cost for the Eco 5 model is \$255.56 plus HST.**

If you would like to purchase a FoodCycler as part of the Town's Pilot Program, please visit www.carletonplace.ca/foodcycler and [submit the application form](#). Once your registration has been received, the Program Administrator will contact you via email to arrange for payment and pickup of your unit. The units will be allocated on a first come, first served basis.

Please note, after the 12-week pilot period, a mandatory survey, which includes a usage report, is required to be completed by participants.

Lawn Watering Schedule – May 1st to September 30th

Residents are permitted to water their lawns and landscaping on the following days:

- Odd Calendar Days – Odd Numbered Homes
- Even Calendar Days – Even Numbered Homes

Residents are permitted to water their lawns at the following times during the months of May, June, August, and September:

- Morning: 5:00 a.m. to 9:00 a.m.
- Evening: 7:00 p.m. to 11:00 p.m.

During the month of July, residents are only permitted to water their lawns during the designated hours:

- Evening: 7:00 p.m. to 11:00 p.m.

Residents with a significant amount of new landscaping or sod are permitted to water their lawn during designated times as identified above for 21 consecutive days but must register with the Town's By-law Department in advance.

If you have any questions regarding the lawn watering schedule, please contact the Carleton Place By-law Department at 613) 257-5688 or by email bylaw@carletonplace.ca.

Community Enrichment Program Accepting Applications

The second intake of the Community Enrichment Program is open now until August 31st, 2023.

The Town of Carleton Place prides itself on promoting a rich and diverse quality of life for all its residents and visitors. At times, community groups and organizations in Carleton Place require financial assistance to present community-based special programs/events/festivals. The Community Enrichment Program provides limited financial assistance to community groups and not-for-profit organizations within the Town of Carleton Place to assist with various activities/events/festivals. For more information on the program, please visit the Town's website at www.carletonplace.ca.
