MEETINGS OF COUNCIL

Tuesday, May 8, 2018
7:00 p.m. Council
Followed by:
Policy Review Committee

Compost Yard Opening

Starting May 5th residents can use our compost facility on Patterson Crescent on Saturday mornings (8am-noon) to dispose of yard waste. Residents can also use the compost facility Wednesday evenings starting May 9th (3pm-8pm).

NOTE: The Household Hazardous Waste Facility will not open until May 19th, please do not bring your HHW items until the HHW Facility is open.

provided in accordance with the Accessibility for Ontarians with Disabilities Act (AODA) upon request.

2018 HYDRANT FLUSHING PROGRAM

April 23rd through June 15th

The Town will be conducting an intensive hydrant flushing program and will be conducting fire flow testing throughout the Town. During this time, it is possible the water may appear slightly discolored within the general area that flushing is taking place. Should this occur, turn on your cold water tap and allow the water run for 20-30 minutes.

Should you have additional concerns, please contact the Public Works Office, 613-257-2253.

NOTICE OF PUBLIC MEETING WATER/WASTEWATER MASTER PLAN - RESILIENCY PLAN AND 2018 DEVELOPMENT CHARGES

Take notice that on Tuesday, May 15th, 2018 the Town will hold an Open House and a Public Meeting to review a proposed amendment to the Water/Wastewater Master Plan, review a Resiliency Plan and consider proposed new development charge rates and policies that would be applied throughout the Town.

The Water/Wastewater Master Plan examines growth and climate change impacts on the water and wastewater treatment plants and identifies upgrades that will be required to accommodate growth and improve resiliency of the plants. Development Charges are levied against new development and are a primary source of funding for growth-related capital expenditures.

A Development Charges background report, proposed implementation bylaws and other detailed information is available on the Town's web site.

All interested parties are invited to attend the public meeting on:

Date and Time:	Tuesday May 15th	4:00 – 7:00 Open House
		7:00 Presentation with Council
Location:	Carleton Place Town Hall	

Any person may attend the public meeting and make written or verbal representation either in support of or in opposition to the by-law. Written submissions are invited and should be directed to the undersigned. Written comments received prior to the meeting and submissions made at the public meeting will be considered by Council prior to the new development charge by-law. All submissions received will become part of a public record.

Paul Knowles, Town Engineer

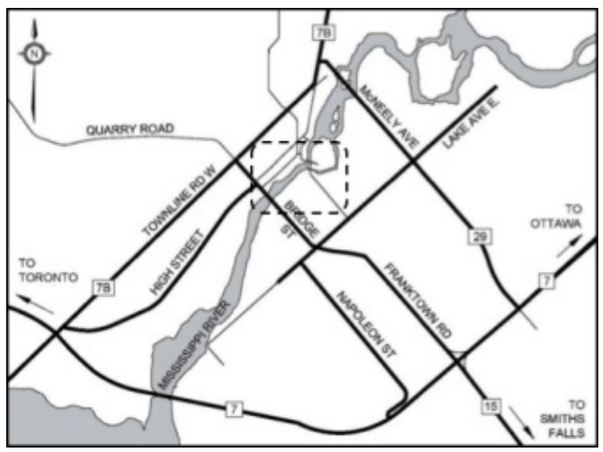
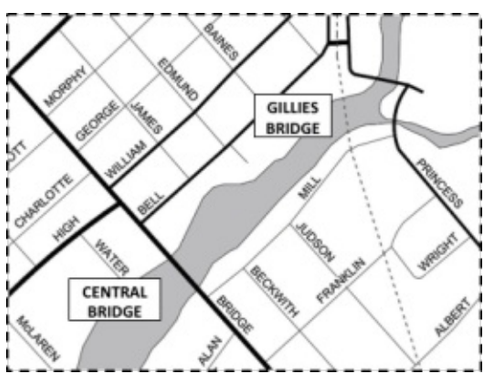
NOTICE OF STUDY COMMENCEMENT AND PUBLIC CONSULTATION CENTRE

MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT FOR REPLACEMENT OF THE CENTRAL BRIDGE

The Central Bridge, located on Bridge Street in downtown Carleton Place, is the central link across the Mississippi River. The bridge was constructed in 1928 and rehabilitated in 1983. Recent inspections of the bridge identified structural deficiencies and insufficient load carrying capacity.



The Town of Carleton Place is considering options to replace the Central Bridge to address the identified structural deficiencies and to serve the Town for years to come. The project works will also include adding a walkway and undertaking repairs to Gillies Bridge and potential widening the other one lane bridge further to the east, with relocation of utilities undertaken as required. Replacement of the Central Bridge and rehabilitation of Gillies Bridge are identified as priorities in the Town's strategic Asset Management Plan (2017).



The project is being completed as a Schedule "C" project in accordance with the Municipal Class Environmental Assessment (October 2000, amended in 2007, 2011 & 2015). As such, extensive public and technical agency consultation will play a key role in developing the study recommendations. At this time, it is anticipated that 3 Public Consultation Centres (PCC) will be held during the study.

The first PCC will be held to present preliminary information on the project and to receive input from the public on the key issues and constraints within the study area. The PCC will be held as an informal "Open House" format with materials pertaining to the study on display and members of the project team on hand to answer questions and discuss issues related to the project.

Public Consultation Centre #1:
Date: **Wednesday May 16, 2018**
Time: **4:00 to 7:30 pm**
Location: **Carleton Place Canoe Club, 179 John St.**

If you would like more information prior to the first public consultation centre, or to be included on the mailing list for this project, please contact one of the following members of the Project Team:

Town of Carleton Place
Paul Knowles, P.Eng., Project Manager
Tel: 613-257-6207
E-mail: PKnowles@carletonplace.ca

R.V. Anderson Associates Limited
Andrew McGregor, MCIP, RPP, Senior Planner
