Carleton Place, ON K7C 2V8

613-257-6200

www.carletonplace.ca

LAKE AVE.

RECONSTRUCTION TRAFFIC

The reconstruction of Lake Avenue West will still be underway when the school year starts on September 3rd. The following measures have been developed to ensure the safety of students and all parties involved in this major project;

- Pedestrian traffic from Bridge Street to Caldwell Street will be directed to the south side of Lake Avenue West.
- Pedestrian traffic west of Caldwell Street/Hawthorne Avenue will utilize the newly constructed sidewalks.
- Bus traffic will continue to travel along Lake Avenue West to access schools on, or near, this corridor.
- Student pickup and drop-off for Carleton Place High School will occur on the north side of CPHS and this area will be accessed via John Street. Signage will be in place throughout Town to direct vehicles to the preferred route. Please look for "CPHS drop-off/pickup" signage.

- All businesses on, or near, the Lake Avenue corridor will be accessible for the remainder of the project.

Regular updates on the construction project, including any changes in routing, will be provided by the Town of Carleton Place via www.carletonplace.ca.

The Town and its partners request your patience and observation of construction signage and travel with caution through this corridor during this major reconstruction project.

EQUIPMENT FOR SALE
