DIVISION:	Engineering
JOB TITLE:	Engineering Technician
EMPLOYEE GROUP:	Non-Union
PAY GRID:	7
SUPERVISOR:	Director of Development Services
REVISION DATE:	April 26, 2022

POSITION SUMMARY:

Under the supervision of the Director of Development Services, the Engineering Technician shall assist the Development Review Officer with engineering review of development submissions and preparing tender documents for municipal projects.

DUTIES AND RESPONSIBILITIES:

1. Reviews engineering submissions related to development applications for compliance with Town standard including:
 - a. Preparing comments and corresponding with developers as they revise submissions;
 - b. Calculating security requirements;
 - c. Inspecting developer projects for compliance with their approved development agreement;
 - d. Responding to public inquiries related to development projects
 - e. Obtaining record drawings for all development projects
2. Drafts concept plans as directed for various municipal projects and produces drawings for public display
3. Prepares detailed design drawings and assembles contracts and specifications for municipal engineering projects
4. Undertakes construction administration and occasional field inspections for municipal projects as required
5. Enters data into the Town's GIS and produces reports from the data within the GIS
6. Assists with filing drawings and records management for Public Works and Development Services Departments
7. Provides technical support to Public Works staff

8. Deals directly with the public to effectively address complaints and concerns and provides information and assistance to ensure good customer service

The above generally describes the duties involved with the position. However, municipal work is varied in nature and employees will be required to perform duties in addition to the above as directed by the Director.

POSITION REQUIREMENTS:

EDUCATIONAL REQUIREMENTS:

Minimum two (2) year Community College Diploma in Civil Engineering Technician

EXPERIENCE:

Two (2) years' related work experience

SKILLS AND ABILITIES:

1. Ability to obtain and maintain membership with the Ontario Association of Certified Engineering Technicians and Technologists (OACETT)
2. Familiar with preparing and interpreting engineering drawings and specifications with a detailed knowledge of AutoCAD
3. GPS and total station survey knowledge would be considered an asset
4. Knowledge of municipal works required for development
5. Familiar with GIS software and applications
6. Possess and maintain a valid Ontario Class G Driver's License and reliable vehicle to use on corporate business when/if required
7. Good written and verbal communication skills. Ability to communicate effectively with both technical and non-technical persons

WORKING CONDITIONS:

The position will be scheduled to work regular office hours. However, on occasion, some overtime may be required to complete special requests or projects and/or coordinate evening and off-hour activities. As these scenarios present themselves, the working schedule may be adjusted and monitored by the as needed. Local travel (automobile) for inspection activities and meetings and visits to construction sites at various stages of completion will be required.

PHYSICAL DEMANDS:

The position requires intense visual & listening skills; ability to sit for long periods of time; ability to stand for long periods of time; use of hands; repetitive physical actions; ability to

walk and climb stairs or ladders; hand-eye coordination; ability to kneel, crawl, reach, twist, squat, and bend; and work under high levels of pressure or stress. Physical demands such as lifting and carrying files, reports and drawings will be required.
