## January 16th, 2019

Tuesday, January 28<sup>th</sup>, 2020  
7:00 p.m. Council  
Followed by: Committee  
of the Whole

### OVERNIGHT WINTER PARKING BAN

The Carleton Place By-law Department is asking residents to adhere to the overnight winter parking ban. From **November 15<sup>th</sup>, 2019 through to April 1<sup>st</sup>, 2020, overnight on-street parking will be strictly prohibited between the hours of 12:00 a.m and 7:00 a.m, regardless of weather conditions, to allow for thorough and efficient snow removal operations.**

Vehicles parked in violation of the ban will be ticketed and towed to the Public Library parking lot at 101 Beckwith Street.

The Town has a responsibility to provide safe roadways for residents in the community and to maintain our streets in accordance with Provincial Minimum Maintenance Standards. We appreciate your support in helping us achieve

this. If you have any questions, please contact the Public Works Department at 613-257-2253.

### PRELIMINARY AND DETAILED DESIGN FOR THE RECONSTRUCTION OF BRIDGE STREET

Bridge Street is the Commercial Centre for the Town of Carleton Place, and the central link across the Mississippi River. Reconstruction work is to include replacement of all hard surfaces (Asphalt, sidewalks) between Lake Avenue and Central Bridge. In addition, being considered for inclusion are new decorative streetlighting, new signalized crosswalks, and enhanced streetscaping features.

The Town of Carleton Place is proceeding with the replacement of the Central Bridge, with construction scheduled to start in Spring 2021, which will include full closure of Bridge Street over the Mississippi River. By combining the replacement of the Central Bridge with the Reconstruction of Bridge Street, overall duration and severity of public impacts resulting from these required public works are expected to be minimized. It is expected that this project will result in substantial impacts to residents and

businesses. As such, extensive public consultation will play a key role in project planning. Preliminary project information for the Central Bridge was

presented at three Public Information Centres held in 2018-2019.

A Public Meeting is being scheduled to present the conceptual design approach for the reconstruction of Bridge Street, and to facilitate coordination between the project team and interested residents and businesses.

The meeting will be held as an informal "Open House" with materials pertaining to the Project on display,

and members of the project team on hand to answer questions and discuss issues related to the project.

### Public Meeting

**Date:** Monday, January 27, 2020

**Time:** 4:00 pm to 7:00 pm

**Location:** Small Upper Hall – Neelin Community Centre (Street, Carleton Place, ON)

If you would like more information prior to the public consultation centre, please contact one of the following members of the Project Team:
