BRIDGE ST. RECONSTRUCTION SURVEY

Bridge Street Reconstruction Survey

Bridge Street is the commercial centre for the Town of Carleton Place and the central link across the Mississippi River. In the Spring of 2021, the Town of Carleton Place is planning to reconstruct Bridge Street between Lake Ave and Central Bridge. Reconstruction work is to include replacement of all hard surfaces (asphalt, sidewalks) between Lake Avenue and Central Bridge. In addition, items being considered for inclusion are new decorative streetlighting, new signalized crosswalks, and enhanced streetscaping features.

Also in the Spring of 2021, the Town is proceeding with the replacement of the Central Bridge which will include the full closure of Bridge Street over the Mississippi River. By combining the replacement of the Central Bridge with the Reconstruction of Bridge Street, overall duration and severity of public impacts resulting from these required public works are expected to be minimized.

We are seeking public input on what aspects of the reconstruction process are most important to you! Have your say! Take our survey at: <https://www.surveymonkey.com/r/HZTZW5Q>

The survey will close at 4:00 p.m on Monday, February 10th, 2020.
