Replace Rooftop Units

This Addendum forms part of the contract documents and is to be read, interpreted, and coordinated with all other parts. The cost of all contained herein is to be included in the contract sum. The following revisions supersede the information contained in the original drawings and specifications issued for the above-named project to the extent referenced and shall become part thereof. Acknowledge receipt of this Addendum by inserting its number and date on the Tender Form. Failure to do so may subject the Bidder to disqualification.

Clarifications/Modifications/Additions:

In response to bidder's questions:

1. Existing natural gas supply isolation valves and associated natural gas supply pipework serving existing rooftop units can be re-used provided they are inspected and found by contractor to be in serviceable condition.
2. RTU-4 (existing) equipment information:

Carambeck Gym
TRANE YCD240B3 HAFA = MD#
N39101442D = SN#

3. Confirmed, existing refrigerant to be reclaimed as per environmental regulations and disposed of at approved refrigerant disposal facility.
